***Nepticula rhamnicola* nom. nov. (Lepid.).**

The name *Nepticula rhamnella*, used by me in describing a new species of *Nepticula* in the Journal of the Cincinnati Society of Natural History, xxi, 96, 1912, is preoccupied by *Nepticula rhamnella* H. S. of the European fauna.

I propose the name *Nepticula rhamnicola* for the American species.
—ANNETTE F. BRAUN, Cincinnati, Ohio.
